## AREAS OF INTEREST

- Data Analysis and Reporting
- Data Visualization and Dashboard Development
- SQL-based Data Exploration
- Business and Performance Analytics
- Data Cleaning and Quality Management

## KEY STRENGTHS

- Analytical thinking
- Problem-solving approach to data
- Attention to data accuracy and quality
- Team collaboration

## POSITIONS OF RESPONSIBILITY

- Head Social media coordinator at Dept. of Pharmacoinformatics (NIPER S.A.S. Nagar)
- Volunteer in college event at S.C.P.E.R. Kopargaon

## CO-CURRICULAR ACTIVITY

- Participated in Tug of War at NIPER S.A.S. Nagar
- Certification on Presentation skill by TCS iON
- Certification of Participation Online webinar by Advent Informatics

## HOBBIES

- Reading
- Learning
- Cooking
- Data Analysis

## LANGUAGE PROFICIENCY

- Hindi
- English

# HARIOM PRASAD

## CAREER OBJECTIVE

Entry-level Data Analyst with a background in Pharmacoinformatics and hands-on experience in data cleaning, analysis and visualization using Excel, SQL, Python, and Power BI. Skilled at uncovering trends and presenting insights through dashboards and reports. Completed internship and academic projects applying real-world datasets to support data-driven decisions.

## ACADEMICS

Degree	Board/ University	Institute	Passing Year	% / C.G.P.A.
M.S. (Pharm.) Pharmacoinformatics	Niper S.A.S. Nagar	NIPER S.A.S. Nagar	2026	6.57
Bachelor of Pharmacy	Savitribai Phule Pune University, Pune	Sanjivani College Of Pharmaceutical Education & Research, Kopargaon	2024	7.60
H.S.C.	Bihar School Examination Board, Patna	Baba Bhoot Nath College Balepur Bathua Bazar	2018	60
S.S.C.	Bihar School Examination Board, Patna	Prayag H/S Baraibagahawan	2016	66

## RESEARCH AND WORK EXPERIENCE

### Current Work:

NLP-based analysis of patient drug review for adverse effects identification- Analyzing patient drug review data using Python, focusing on data cleaning, text preprocessing, and basic NLP techniques to identify adverse effects. The project emphasizes exploratory analysis and visualization to extract and communicate meaningful insights.

## COURSES AND CERTIFICATIONS

- Certification in Current Trends in Pharmacovigilance
- Data Analyst: Professional Certificate in Data Analysis form Udemy

## SKILLS

- **Programming:** Python (NumPy, NLTK, spaCy, Pandas, Scikit-learn, Matplotlib, Seaborn)
- **Office Applications:** Microsoft Office Suite (Advanced Word, Excel, PowerPoint)
- **Analytics & Visualization:** Power BI, Tableau
- **Database Management:** MySQL
- **Machine Learning:** Data Cleaning, Predictive Modeling

## INTERNSHIP

- Data Analyst Intern – Unified Mentor (3 months): Performed Data Cleaning, Analysis, and Visualizations
